

Shefware Tool Installation Guide

How to Install Shefware Software on Windows?

Installing Shefware Excel Split and Merge is fast and simple. Follow the steps below to install the software on Windows successfully.

Step 1: Download the Software

Go to the official Shefware Website and download **Shefware Excel Split and Merge**. Once the download is completed, locate the setup file in the downloads folder.

Step 2: Introduce the Setup File

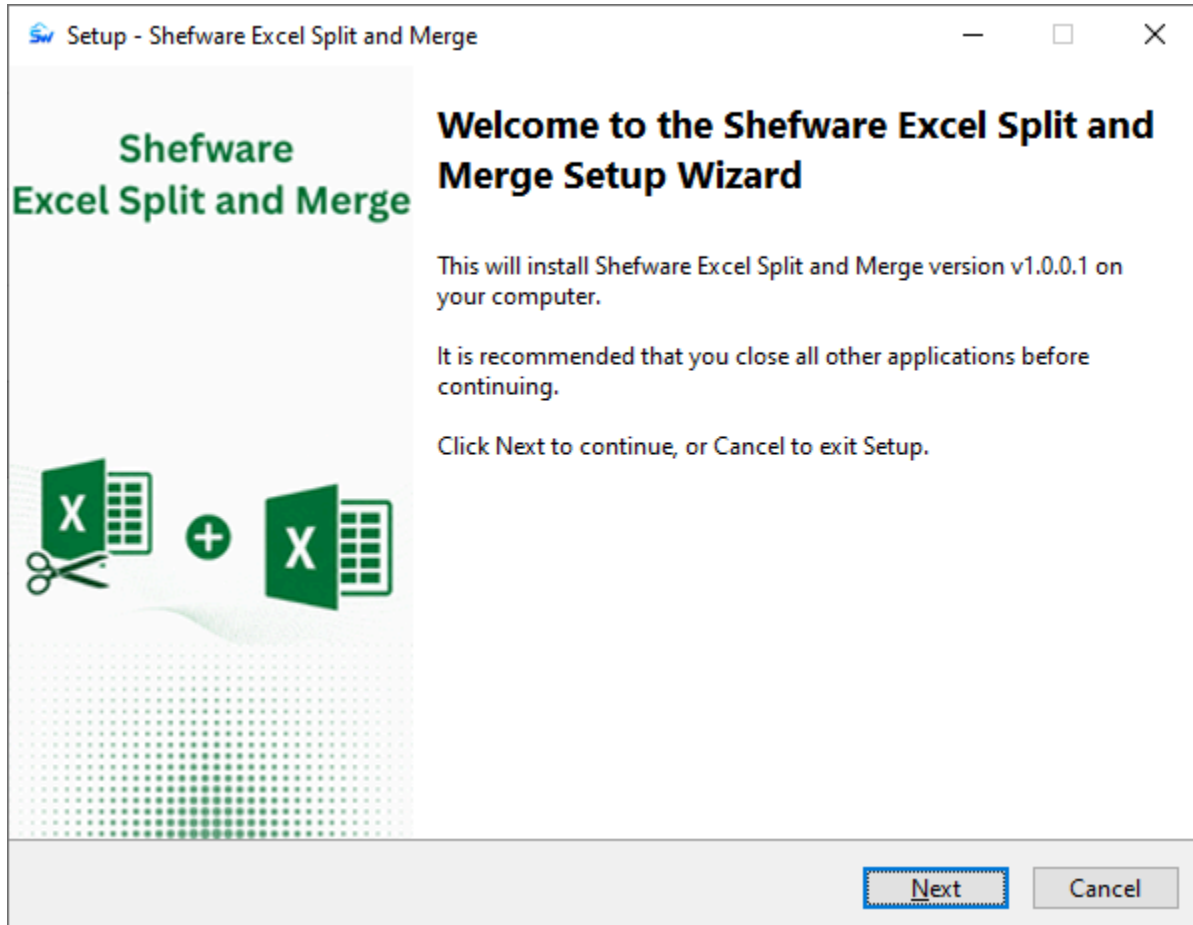

Click twice on the download setup file (**Shefware Excel Split and Merge .exe**). If Windows shows a User Account Control prompt asking for permission to make changes to the device, click **Yes** to continue.

License Agreement

Please read the following important information before continuing.

Please read the following License Agreement. You must accept the terms of this agreement before continuing with the installation.

SOFTWARE LICENSE AGREEMENT (EULA)

Shefware Excel Split and Merge Copyright © 2026 by Shefware Private Limited.
All rights reserved.

Your Agreement to this License

This End User License Agreement ("Agreement") is a legally binding agreement between you (either an individual or an entity, the "User") and Shefware Private Limited regarding the Shefware software (the "Software" or the "Program"), and b) governing the installation, access, download, activation, and use of our software products, applications, utilities, tools, services, updates, and related documentation (collectively, the "Software").

CAREFULLY READ THE FOLLOWING LEGAL AGREEMENT.

☒ I accept the agreement
☐ I do not accept the agreement

Step 5: Select Installation Location

Choose the folder where you want to install the software. By default, the application will be installed in:

c:\Program Files\shefware\Excel Split and Merge

To select a different location, click **Browse**, choose the preferred folder, and click **Next**.

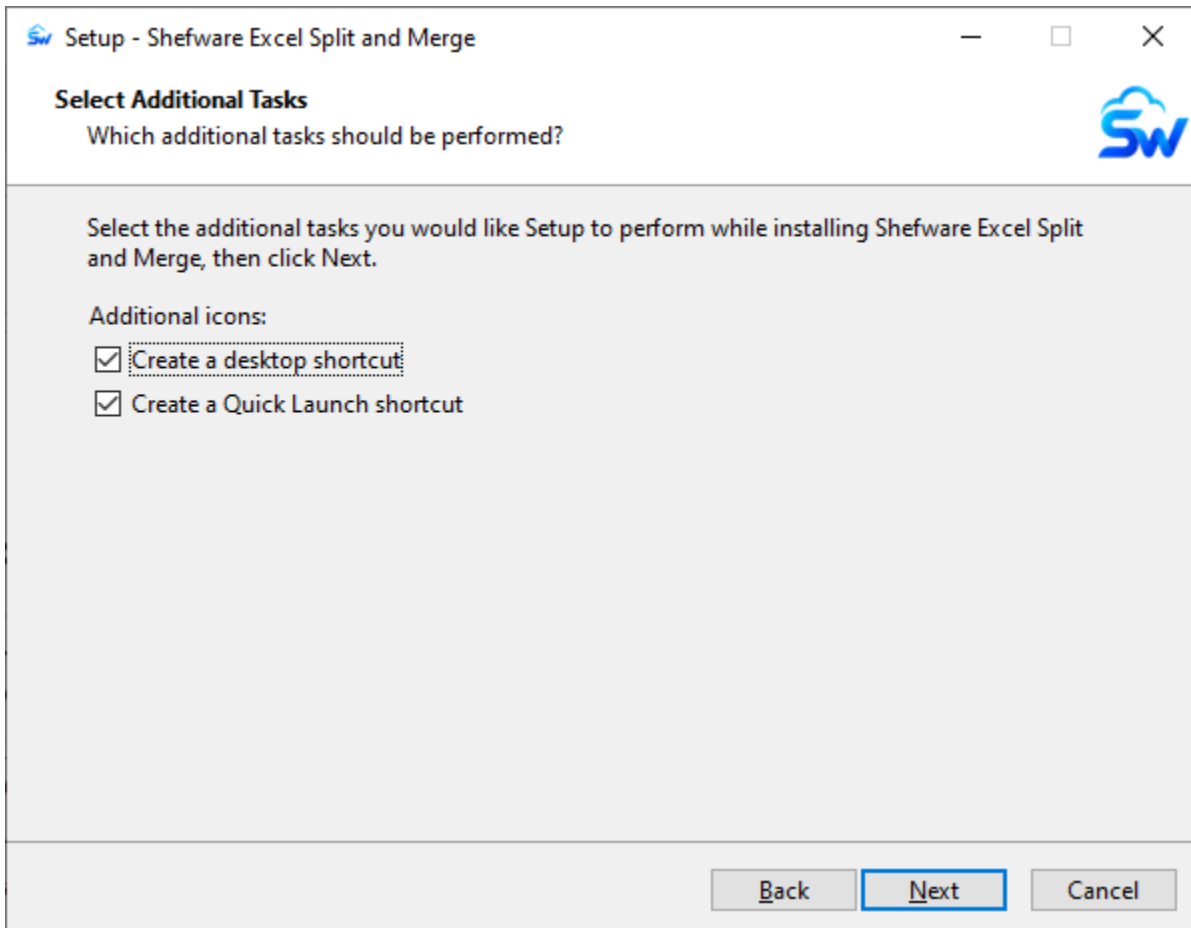

Step 6: Allocate Additional Options

Choose any additional installation preferences such as:

- Create Desktop Shortcut
- Launch Application After Installation

Select the option that is ideal for your needs and click **Next**.

The screenshot shows a Windows-style installation window titled "Setup - Shefware Excel Split and Merge". The window has a standard title bar with minimize, maximize, and close buttons. The main content area is titled "Select Additional Tasks" and asks "Which additional tasks should be performed?". Below this, it instructs the user to "Select the additional tasks you would like Setup to perform while installing Shefware Excel Split and Merge, then click Next." Under the heading "Additional icons:", there are two checked checkboxes: "Create a desktop shortcut" and "Create a Quick Launch shortcut". At the bottom right, there are three buttons: "Back", "Next" (which is highlighted with a blue border), and "Cancel". The Shefware logo (a blue cloud with "SW" inside) is in the top right corner.
