

# Shefware Tool Installation Guide

## How to Install Shefware Software on Windows?

Installing Shefware Office365 Migration is fast and simple. Follow the steps below to install the software on Windows successfully.

### Step 1: Download the Software

Go to the official Shefware Website and download **Shefware Office365 Migration**. Once the download is completed, locate the setup file in the downloads folder.

### Step 2: Introduce the Setup File

Click twice on the download setup file (**Shefware Office365 Migration .exe**). If Windows shows a User Account Control prompt asking for permission to make changes to the device, click **Yes** to continue.

### Step 3: Begin the Installation Wizard

The **Shefware Office365 Migration Setup Wizard** opens on the screen. Click on **Next** to start the installation process.

## Step 4: Accept License Agreement

Read the Software License Agreement carefully. Choose **I Agree** or **Terms and Conditions** and click on **Next** to proceed further.

**License Agreement**  
Please read the following important information before continuing.

Please read the following License Agreement. You must accept the terms of this agreement before continuing with the installation.

SOFTWARE LICENSE AGREEMENT (EULA)

Shefware Office 365 Migration Copyright © 2026 by Shefware Private Limited.  
All rights reserved.

Your Agreement to this License

This End User License Agreement ("Agreement") is a legally binding agreement between you (either an individual or an entity, the "User") and Shefware Private Limited regarding the PST software (the "Software" or the "Program"), and b) governing the installation, access, download, activation, and use of our software products, applications, utilities, tools, services, updates, and related documentation (collectively, the "Software").

CAREFULLY READ THE FOLLOWING LEGAL AGREEMENT.

☒ I accept the agreement  
☐ I do not accept the agreement

## Step 5: Select Installation Location

Choose the folder where you want to install the software. By default, the application will be installed in:

c:\Program Files\shefware\Office365 Migration

To select a different location, click **Browse**, choose the preferred folder, and click **Next**.

## Step 6: Choose the Start Menu Folder

Select the start menu folder where the program shortcuts will be generated. You might keep the default selection or indicate a custom folder, then click **Next**.

The screenshot shows a Windows installation window titled "Setup - Shefware Office 365 Migration". The window has a standard Windows title bar with minimize, maximize, and close buttons. The main content area is titled "Select Start Menu Folder" and asks "Where should Setup place the program's shortcuts?". Below this, there are three radio buttons, all of which are selected. The first radio button is followed by the text "Setup will create the program's shortcuts in the following Start Menu folder." Below this text, there is a text box containing "Shefware Office 365 Migration" and a "Browse..." button to its right. At the bottom of the window, there are three buttons: "Back", "Next", and "Cancel". The "Next" button is highlighted with a blue border.

Setup - Shefware Office 365 Migration

**Select Start Menu Folder**

Where should Setup place the program's shortcuts?

☐ — Setup will create the program's shortcuts in the following Start Menu folder.

To continue, click Next. If you would like to select a different folder, click Browse.

## Step 7: Allocate Additional Options

Choose any additional installation preferences such as:

- Create Desktop Shortcut
- Launch Application After Installation

Select the option that is ideal for your needs and click **Next**.

The screenshot shows a Windows-style window titled "Setup - Shefware Office 365 Migration". The window has a standard title bar with minimize, maximize, and close buttons. The main content area is titled "Select Additional Tasks" and asks "Which additional tasks should be performed?". Below this, it instructs the user to "Select the additional tasks you would like Setup to perform while installing Shefware Office 365 Migration, then click Next." Under the heading "Additional icons:", there are two checked checkboxes: "Create a desktop shortcut" and "Create a Quick Launch shortcut". At the bottom right of the window, there are three buttons: "Back", "Next" (which is highlighted with a blue border), and "Cancel". The Shefware logo is visible in the top right corner of the window's content area.

## Step 8: Install the Software

A summary of installation settings will be shown. Review the details and click **Install** to start the installation. Kindly wait while the setup wizard copies the important files to the system.

## Step 9: Complete the Installation

Once the installation is completed, a confirmation will display specifying **Shefware Office365 Migration** has been successfully installed. Click **Finish** to close the setup Wizard.
