

Shefware Tool Installation Guide

How to Install Shefware Software on Windows?

Installing Shefware PST Compress is fast and simple. Follow the steps below to install the software on Windows successfully.

Step 1: Download the Software

Go to the official Shefware Website and download **Shefware PST Compress**. Once the download is completed, locate the setup file in the downloads folder.

Step 2: Introduce the Setup File

Click twice on the download setup file (**Shefware PST compress .exe**). If Windows shows a User Account Control prompt asking for permission to make changes to the device, click **Yes** to continue.

Step 3: Begin the Installation Wizard

The **Shefware PST Compress Setup Wizard** opens on the screen. Click on **Next** to start the installation process.

Step 4: Accept License Agreement

Read the Software License Agreement carefully. Choose **I Agree** or **Terms and Conditions** and click on **Next** to proceed further.

License Agreement

Please read the following important information before continuing.

Please read the following License Agreement. You must accept the terms of this agreement before continuing with the installation.

SOFTWARE LICENSE AGREEMENT (EULA)

Shefware Compress PST Copyright © 2026 by Shefware Private Limited.
All rights reserved.

Your Agreement to this License

This End User License Agreement ("Agreement") is a legally binding agreement between you (either an individual or an entity, the "User") and Shefware Private Limited regarding the PST software (the "Software" or the "Program"), and b) governing the installation, access, download, activation, and use of our software products, applications, utilities, tools, services, updates, and related documentation (collectively, the "Software").

CAREFULLY READ THE FOLLOWING LEGAL AGREEMENT.

Step 5: Select Installation Location

Choose the folder where you want to install the software. By default, the application will be installed in:

c:\Program Files\shefware**PST Compress**

To select a different location, click **Browse**, choose the preferred folder, and click **Next**.

Step 6: Choose the Start Menu Folder

Select the start menu folder where the program shortcuts will be generated. You might keep the default selection or indicate a custom folder, then click **Next**.

The screenshot shows a Windows-style installation window titled "Setup - Shefware Compress PST". The window has standard minimize, maximize, and close buttons in the top right corner. The main heading is "Select Start Menu Folder", followed by the question "Where should Setup place the program's shortcuts?". A Shefware logo (a blue 'S' with a cloud) is in the top right. Below the heading, there are three radio buttons, all of which are unselected. The text "Setup will create the program's shortcuts in the following Start Menu folder." is positioned to the right of the radio buttons. Below this, a text box contains the text "Shefware Compress PST" and is highlighted with a blue border. To the right of the text box is a "Browse..." button. At the bottom of the window, there are three buttons: "Back", "Next" (which is highlighted with a blue border), and "Cancel".
